Additional Information Form Out of Area Application

Please complete this form and return to GyMEA Technology High School. Remember that you must still complete the High School Enrolment Application Form and return it to your Primary School if your child goes to a government primary school.

GyMEA, as a comprehensive high school, accepts and values the full range of students. However, in recent years there has been an overwhelming demand for enrolment positions at GyMEA. This has meant that the School Community has had to develop criteria for selecting students wishing to enrol from outside the school's local area. A Selection Committee will be reviewing all out-of-area enrolments and priority for placement at the school will be given to those students who best meet the enrolment criteria. This criterion is available on our website.

Students living inside GyMEA's boundaries are local students and have right of entry to this school. Please refer to the school's locator at <http://education.nsw.gov.au/school-finder> to determine if you are in area for GyMEA Technology High School.

Please give as much information as possible on this form as the School Selection Committee will use this information to process applications. Supporting evidence should be provided where applicable, such as school reports, Year 5 NAPLAN results and achievements etc. (copies only).

STUDENT AND FAMILY DETAILS

Student's Surname			
Student's Given Name			
Residential Address		Post Code	
Date of Birth	/ /	Gender	<input type="checkbox"/> Male <input type="checkbox"/> Female
