

<b>Task Name:</b> Skills Test	<b>Unit:</b> Geographical Skills
<b>Task Distributed:</b> Week 9	<b>Task Due:</b> Thursday 17 <sup>th</sup> October, 2024 (Week 1A)
<b>Task Type:</b> In class Moodle skills quiz	<b>Syllabus Outcomes:</b> GE5-2
<b>Task Weighting:</b> 25%	<b>Task number for Course:</b> 2

### Task Description:

Students will complete a Moodle Skills Quiz in their Geography period on Thursday 17<sup>th</sup> October 2024.

The skills quiz will take place in the technology centre. You need to have your Moodle log in and make sure you can access the year 10 Geography Moodle page.

The skills quiz will include:

- Recognising Map Types
- Climate Graphs
- Synoptic Charts
- Area and Grid References
- Latitude and Longitude
- Compass Points and Bearings
- Contour Lines and Aspect

### Details of Submission:

There will be 45 multiple choice questions, students will have 40 mins to complete the task.

You need to have your Moodle log in and make sure you can access the year 10 Geography Moodle page prior to the day.

You should bring in a calculator. Working out paper will be provided for you if needed.

The answers will save automatically, students need to press submit when they finish the quiz.

Absences on the day will be dealt with in accordance with school policies.

## Assessment Procedures

All students should be fully aware of the school assessment procedures. Students should access their 2024 Assessment Guide for more information.

## Feedback provided

- The task will be automatically returned to students at the end of the online exam.
- At this time feedback including information on how to improve will be delivered through mechanisms such as marking criteria, and/or written comments.
- Students can clarify or seek further feedback by arranging to meet with their teacher.

## Self-Reflection Component

Students will be required to complete a self-reflection worksheet at the time students receive their assessment mark and teacher feedback. Self-reflection is an important part of the learning process as it provides an opportunity to reflect on the strength of your performance, as well as areas that have been identified to strengthen in future tasks.

### How does this link to my learning?

- Students are being taught all necessary geographical skills in class.
- Students will demonstrate their understanding and competency in geographical skills.
- Students will demonstrate their ability to interpret, apply and evaluate geographical tools: including maps, statistics, and graphs.
