How does this link to my learning?

Completing the Semester Two Exam will allow students to demonstrate an understanding of the key concepts studied in the third and final terms of Year 7.

The results of the exam will enable students to identify areas for improvement and to set new learning goals that they wish to strive towards for further studies in English. In addition to this, familiarising oneself with exam procedures and expectations will support students' completion of exams throughout high school.

The completion of this assessment task will translate into the following Semester Two report outcomes-

- *Describes language forms and features to interpret and infer meaning from texts.*
- *Thinks critically about information and themes in the novel set for study and explains these connections through an extended response.*
