Task 1: Folio and Quiz

Due Date: 11th March Week 6B

Distributed: 13 Feb 2026 Week 3 A

Weighting: 10%

Task Type: Folio and Quiz

Syllabus Outcome/s: IND5-1, IND5-4, IND5-5, IND5-8

Unit: Apps & Interactivity

Task Description

This task consists of three parts as outlined below.

PART A - Folio

Students will be working to brainstorm, plan and develop a prototype design for an app. As part of this task, students will need to complete:

Folio

- **Statement of Intent** - Identifying what is being made, why and limitations in the process of creating the app prototype.
- **Development of Ideas** - brainstorming processes behind these decisions (a mind map) , sketches of logo ideas for the app, along with hand drawn storyboards for the app. It should also include feedback gathered from classmates and teachers on their idea to inform their prototype design, along with an evaluation reflecting on the feedback obtained.
- **Time plan** - estimated and actual time plan using Gantt Charts with a brief evaluation.
- **Finance plan** - estimated and actual financial plan.
- **Research** - identify and describe **three** exciting apps with a focus on explaining the user interface and experience and how these designs will be applied to the app prototype being created. Identify and describe a range of different applications that could be used to create an industry standard prototype.

PART B - Quiz

Students will be completing an in class quiz on the due date above that assesses their understanding of the theoretical concepts covered in class.

In preparation for this quiz, students should ensure they've completed all classwork on Google Classroom and Moodle, including any homework tasks.

Students should seek teacher assistance on unclear work or concepts prior to the day of the task.

Glossary of Key Words

These verbs will provide an understanding of the detail needed to successfully answer the questions. Some of the verbs typically associated with these questions include:

Details of Submission

PART A and B - Folio

Students need to upload their completed Folio to Moodle by the due date listed. Their AppLab Prototype to be uploaded to Moodle via a file or link.

PART B - Quiz

Students will have 40 mins to complete this quiz in class on the due date listed. The quiz is composed of Multiple Choice/Comprehension and Short Answer questions.

The quiz will be accessed through Moodle and must be completed in one sitting. Students should attempt all questions and are NOT permitted to bring notes into the classroom.

Syllabus Outcome/s:

- Identifies, assesses, applies and manages the risks and WHS issues associated with the use of a range of tools, equipment, materials, processes and technologies **IND5-1**
- Selects, justifies and uses a range of relevant and associated materials for specific applications **IND5-4**
- Selects, interprets and applies a range of suitable communication techniques in the development, planning, production and presentation of ideas and projects **IND5-5**
- Applies and transfers skills, processes and materials to a variety of contexts and projects **IND5-8**

Teacher Feedback and Student Self-Reflection

The task will be returned to students within **14 days** of the due date. Information on how to improve will be provided through written teacher feedback and the marking criteria. Students can clarify or seek further feedback by speaking with their teacher.

Upon return of the task and teacher feedback, students will also be expected to complete the following self-reflection form, to provide them with the opportunity to reflect on the strength of their performance, as well as areas that have been identified to strengthen in future tasks - <https://forms.gle/s3HD9ueLodeUs2km6>

How does this link to my learning?

This task will allow students to demonstrate their understanding of theoretical concepts, providing students with the opportunity to showcase their knowledge, understanding and skills in

- Demonstrates knowledge and skills in competent use of a variety of software as part of their design projects
- Explaining the functionality and impact of a range of multimedia products

Assessment Procedures

Students should be fully aware of the School Assessment Procedures for their year group. These were provided at the beginning of the school year and are available off the school website under the Learning menu for each year group.
